New Product Update and Parts Information

CabCAM Range Update

Bulletin	UK	Export	Issued
1428	YES	YES	

NEW CabCAM Range Update

Vapormatic has extended its range of premium quality CabCAM observations Kits with digital, wired, wireless and analogue (multiple-monitor) Kits available.

These Kits use the latest infrared technology for dark and low light conditions and offer observation solutions for a wide range of applications. Whether you prefer to monitor using your smart phone via the 'App' operated observation Kit, want views from multiple cameras on one monitor, or require the view of one camera on multiple monitors located in different vehicles, Vapormatic has your observation needs covered.

Please read this bulletin which contains all technical and compatibility information or visit:

HD Wifi 110° Colour Camera – Battery powered for easy relocation

Download the CabCAM™ app on Google Play or the Apple App Store and use your phone or tablet with CabCAM™ HD Wifi cameras

- Infrared illuminators allow up to 32' of night visibility
- 196' (60M) transmission range when connected to one device
- Can be connected to up to 4 devices at once, but reduces transmission range significantly (32ft, 10M)
- Lithium-ion battery, rechargeable
- Includes AC adapter and USB charging cables (3hr/8hr recharge time)
- Battery lasts up to 12 hours, but will consume charge quicker when infrared illuminators are activated
- Strong magnetic base
- Weatherproof and constructed to withstand off-road conditions
- Audio capabilities

NEW

[VLC5091 Plug In WiFi Camera \(12v\)](#)

HD Wifi 110° Colour Camera

Download the CabCAM™ app on Google Play or the Apple App Store and use your phone or tablet with CabCAM™ HD Wifi cameras

- Infrared illuminators allow up to 32ft of night visibility
- 196ft (60M) transmission range when connected to one device
- Can be connected to up to 4 devices at once, but reduces transmission range significantly (32ft, 10M)
- Power supply jack
- 3ft DC adapter wire included
- Weatherproof and constructed to withstand off-road conditions
- Audio capabilities

NEW

Suggested Accessories for APP Operated Kits

VLC5675	Magnetic Camera Mount	
VLC5674	WIRELESS CabCAM Rechargeable Battery <i>Only compatible with VLC5091</i>	Enables placement of cameras in locations where running a power cable is not possible.

WIRELESS Kits - DIGITAL

VLC5078

7" Digital Wireless Quad Screen Observation Kit

Quad monitor with recording capability

2x Weatherproof Digital Colour Camera

- Infrared Illuminators allow up to 32 feet of night visibility
- 119m transmission range
- Image mirroring capability
- Designed to handle off-road conditions
- Audio capability
- Cameras require 12V-24V power source

7" Colour Digital Quad Monitor

- 4 Camera capability
- 2.4GHz digital WIRELESS receiver
- Audio speaker
- Recording capability on 128GB
- 8 Pin wire harness Micro SD/TF card (not included)

Accessories included

- Ball Swivel Mounting Bracket with Mounting Pad
- A/C Power Adapter
- Stationary Mounting Bracket with Thumb Screws
- 2x Hard Wire Power Adapters
- Sunshield

Kit Includes 2 cameras with quad screen monitor

7" QUAD Screen Digital Observation Kit

WIRELESS Kits - ANALOGUE

VLC5088

7" Analog Wireless Camera Observation Kit 182m barrier-free transmission range!

2x Weatherproof Analog Colour Cameras

- 1 channel 3 camera, 1 channel 4 camera
- Infrared Illuminators allow up to 32 feet of night visibility
- Image mirroring capability
- Designed to handle off-road conditions
- Audio capability
- Cameras require 12V power source or 24V w/A-AD520 reducer

7" Colour Analog Monitor

- 4 Camera capability • 2.4GHz analog WIRELESS receiver
- Audio speaker
- 6 Pin wire harness

Accessories included

- Ball Swivel Mounting Bracket with Mounting Pad
- Automotive Power Adapter
- Stationary Mounting Bracket with Thumb Screws
- A/C Power Adapter
- A/V Input Cable
- 3x Hard Wire Adapters
- Sunshield
- Remote magnetic mount Antenna w/9.75 ft Cord

NEW – Monitor Capable of Pairing with Multi-Cameras

Build Your Own ANALOGUE Observation Kit

- Camera capable of pairing with multiple monitors
- Place camera/s where needed
- Add monitors to vehicles, tune to camera channel & pair
- Monitor automatically connects to camera when in range. (Clear line of sight required)
- Cameras can be paired to any number of monitors
- Monitors can pair with up to 4 cameras, each on a different channel, scroll between to see the different views
