New Vapormatic Parts Range Introduction For Claas Combines and Self Propelled Forage Harvesters

More than 320 replacement parts are included in our brand new range suitable Claas Combine and SPFH applications, making this one of the largest aftermarket solutions available. Covering models manufactured between 1960's and 2000's for 5 Series and 79 models of Combine plus 17 models of Claas SPFH.

This quality product range includes the fast moving wear parts and maintenance parts which should be replaced on a regular basis to ensure that the machine is working at optimum capacity throughout the season, plus the day to day maintenance parts such as crop lifters, belts, blades and sections, fingers and filters.
