Wide angle safety mirrors

Vapormatic has added to its mirror range with the introduction of wide angle 'fish eye' mirrors.

New EU legislation* requires that all goods vehicles over 3.5 tons registered since 1st January 2000 should have equipment installed to eliminate blind spots. Vapormatic's range of wide angle mirrors are designed for this purpose and are an ideal, cost effective method of getting your vehicle to comply with the legislation

Ensure your field of vision is not impaired with one of our selection of safety mirrors

VLD1100

Dimensions: 220mm x 110mm
Fits mirror arms: 10-20mm diameter
Typical Application: Fork trucks and construction equipment.
