The new Vapormatic Case IH replacement parts catalogue is now available. This catalogue builds on the success of the previous edition.

The result of continuous product research and machine analysis by Vapormatic, in conjunction with specialists in the field, this new 850 page catalogue features:

- **Over 41,000 applications**
- **Over 2,000 parts**
- **Containing parts from over 70 different series of tractor**
- **Even greater technical detail**

In response to customer demand the new catalogue sees the introduction of many new products and feature ranges including:

- A **doubling** in size of the **service and clutch sections**
- Large number of parts for the **CS series**
- Large number of parts for older tractors incl. the **94 series** (1194 to 1694 models) Case International (David Brown)
- Large number of parts for **5100 series** tractors (5120 to 5150)

The new catalogue is further demonstration of Vapormatic's continual investment in range expansion and service abilities in the 'Allmakes' parts industry.

There are three front cover language options, English, French and German, along with improved translation tables and technical diagrams for every section. The internal details are identical for all three catalogues.

Part no. **PAH1030** - English cover

Part no. **PAH1010** - French cover

Part no. **PAH1020** - German cover

All Vapormatic quality replacement parts carry an industry leading **12 month parts and labour warranty**.
