

*Dear Subscriber,*

We have no less than three new product ranges to present to you this month. Our Short Motors and Classic Panels are just the ticket if you are looking to restore or repair a classic tractor, or if you are firmly in the here and now, Scharmüller hitches could be what you need to ensure your modern workhorses are equipped for the job.

Remember, if you have anything you would like to see in a future edition of the newsletter then [contact us](#).

## SHORT MOTORS SAVE TIME AND MONEY

### NEW SHORT MOTORS RANGE NOW AVAILABLE

Vapomatic's recent introduction of a select range of short motors has been turning heads and minds. Customers have seen the advantages that these short motors offer and the value gained by removing time and expense associated with engine rebuilding.

## GETTING HITCHED

### SCHARMÜLLER COUPLING SYSTEMS LEAD THE WAY

It is easy to take a coupling system for granted, but when you hitch up you need to have confidence that it is not going to let you down. Vapomatic has recently introduced a range of high performance coupling systems from Scharmüller, a leading manufacturer of premium quality hitches and coupling systems.

## STAY IN CHARGE

### BATTERIES - HOW ALIVE IS YOURS?

Batteries can be the most elusive and neglected component of the tractor and the hardest to get to when it is dead and in need of a jump. Don't let it come to this, some quick regular checks can prevent that flat feeling. See our top tips on keeping your battery alive...
