New Air Conditioning Catalogue

The latest edition of the **Vapormatic Air Conditioning Catalogue (PAF4890)**, suitable for Agricultural and Industrial applications is now available. This easy to use catalogue allows for a simple and quick method of determining which air conditioning parts are required, with all the information needed for each series on 1 page.

This carefully compiled catalogue features cost effective replacement air conditioning parts suitable for 14 different makes of agricultural tractor and combine harvester, covering all the critical parts for servicing and breakdowns. The accessories range covers lubrication and gas to ensure consumable products can be replaced and also a number of stations (e.g. Charge and Flushing stations). Specialist tools are also included in this publication.

Catalogue Features

Vapormatic expert technicians have carefully compiled the **Allmakes Air Conditioning Catalogue** in an easy to understand format, with user-friendly features designed to both simplify and speed up replacement air conditioning parts sourcing suitable for Agricultural and Industrial applications. Parts can be searched via the tractor model number, machine area and original part number. To ensure the correct selection and application is achieved, technical information is provided to allow the user to easily identify the required product.

Vapormatic quality replacement parts carry a full **12 months parts and labour warranty**, which, whilst subject to normal conditions of use, correct application and fitting, remains unique in the industry.

You can order copies of this catalogue, reference **PAF4890**, by contacting the telesales team on Tel: +44 (0)1392 684000 by fax +44 (0)1392 217511 or Email enquiries@vapormatic.com for further details.

Vapormatic – The Genuine Alternative.
