## 25 litre ATF type “G” oil

The following oil has been introduced to increase and enhance our current range of quality lubrication products. The ATF Type G oil has been introduced in 25 litre containers to enable a more cost effective way of purchasing such oil and therefore increasing the potential profit margins when using it in the workshop.

### Automatic Transmission Fluid

ATF is a multipurpose automatic transmission fluid for automotive vehicles. The automatic transmission is one of the most complicated mechanisms in modern automotive engineering and consequently requires complex fluids for efficient operation. ATF is manufactured from high quality solvent refined base oils, specially selected additives and friction modifiers to produce a lubricant with excellent oxidation stability and friction characteristics.

### Benefits

- Suitable for the majority of automatic transmission requirements
- Can be used as a power steering fluid
- Protection against wear
- Low foaming tendencies
- Reduced gums and lacquers
- High temperature stability

For more technical information please visit [www.vapormatic.com](http://www.vapormatic.com) and see the technical data sheet under **VLL1273**

Vapormatic quality replacement parts carry a full **12 months Parts and Labour warranty**, which, whilst subject to normal conditions of use, correct application and fitting, remain unique in the industry.

This major benefit enables customers to **Purchase and use Vapormatic parts with confidence.**

## Vapormatic – The Genuine Alternative
