Colour cameras

VLC5031 Rear view camera kit colour

Unbeatable value in a colour flat screen system! If you want an easy-to-use, 1 or 2 camera system that delivers a clear and sharp colour picture. The neat and attractive 5" TFT LCD colour monitor is the ideal size for vehicle applications, even when cab space is limited, and it comes complete with a universal mounting bracket for quick and easy installation. The compact colour camera includes 18 infra-red-LEDs, which are activated in low light visibility to ensure that you have good visibility even in nearly pitch-black conditions!

Contains 5" TFT LCD colour monitor; Ultra-low-light colour camera; Mounting brackets; Control module; 2 camera inputs; 20m cable with waterproof connector; 12 / 24 V power option.

VLC5029 Colour camera

An additional camera to link with VLC5031 to increase visibility all around your vehicle. This high performance and reliable camera comes with many features including high scratch resistant glass lenses, enabling them to withstand the rough environment found in the agricultural sector.

Additional cables

VLC5033
VLC5032
VLC5030
VLC5035

5m cable with waterproof connector
10m cable with waterproof connector
20m cable with waterproof connector
Cable kit - Quick release, retractable, flexi electrical cable kit. Enables a quick and simple solution for connecting the monitor to mounted cameras on a variety of attachments- including trailers, muck spreaders etc..

Vapormatic quality replacement parts carry a full **12 months Parts and Labour warranty**, which, whilst subject to normal conditions of use, correct application and fitting, remains unique in the industry.

This major benefit enables customers to Purchase and use Vapormatic parts with confidence.
