Cables for use with rear view camera kits

To find you the best possible solution to your reversing camera needs, Vapormatic has introduced a range of cables to suit any length of vehicle. 3 different cables are available in different lengths, all are fully insulated and come complete with waterproof connectors. In addition, a retractable flexi electrical cable kit is also available enabling a quick release system for use between various tractor attachments.

VLC5033	5m cable with waterproof connector
VLC5032	10m cable with waterproof connector
VLC5030	20m cable with waterproof connector

VLC5035	Cable kit - Quick release, retractable, flexi electrical cable kit. Enables a quick and simple solution for connecting the monitor to mounted cameras on a variety of attachments- including trailers, muck spreaders etc..
----------------	---

Vapormatic quality replacement parts carry a full **12 months Parts and Labour warranty**, which, whilst subject to normal conditions of use, correct application and fitting, remains unique in the industry.

This major benefit enables customers to Purchase and use Vapormatic parts with confidence.

Vapormatic – The Genuine Alternative
