New - Parts Suitable for Kubota Applications

We are pleased to announce the release of Kubota replacement parts catalogue making this our latest tractor parts range development. The catalogue has been compiled with English, French and German languages to cater for Kubota's most popular markets. Features include parts for the B1000 to B8000 series, BX models, L100 to L5000 series, ST, ST Alpha and STV models.

This all new catalogue includes an enhanced multi-language technical section with photographs and dimensions of key components at the end of each section for reference purposes. The catalogue also includes a section on the most suitable batteries for individual applications, detailing their size and terminal layout for quick reference.

In total, the 176 page catalogue contains 211 part references with over 6,000 individual applications.

All Vapormatic quality replacement parts carry a full 12 month parts and labour warranty which, whilst subject to normal conditions of use, correct application and fitting, remains unique in the industry.
